

GORTER Fémipari Zrt.

The System Supplier

The System Supplier

Mission Statement of Gorter Fémipari Zrt.

Our aim is, with using our knowledge, capabilities and services, and with continuous improvement and becoming a system supplier to serve our customers on a long term on such way that beside their satisfaction they get a steady competitive advantage.

Mission:

For the sake of the satisfaction of our customers and keeping our market competition advantage with applying the continuous improvement system we have to accomplish our following tasks:

- We accomplish our improvements with continuously watching our customers' demands and answering them maximally,
- With the analysis and improvement of our whole manufacturing process we optimize the production costs and our sale prices
- We take increased care for the continuous improvement of our delivery and servicing flexibility,
- We continuously respond to the observations of our costumers and monitor their satisfaction
